
Constructive Solutions Announces Seminar Series on Prolog Construction Project Management Software

Meridian Value Added Reseller serving British Columbia and Alberta to host 3 complimentary events for construction and building professionals

Vancouver, B.C. (January 5, 2010) – Constructive Solutions, a Meridian Systems Authorized Value Added Reseller (VAR) in Canada, will hold three one-day seminars in January 2010 to showcase the Prolog® software solution for construction, engineering and real estate professionals in British Columbia and Alberta. To register for the complimentary seminars, go to https://secure.mps.com/Canadian_Seminars/default.aspx.

Prolog software delivers construction project control and transparency to project-based organizations within Architecture/Engineering/Construction (AEC), Commercial and Public sectors. Prolog streamlines operations for engineering and construction firms managing several projects, public agencies implementing a capital bond program, or private building owners constructing a new facility.

Construction technology experts from Constructive Solutions and Meridian will jointly present the Prolog technology software solutions, including an introduction to Prolog Converge, Meridian's new Web-based construction project management software application. Prolog Converge combines a rich Web-based user interface on a powerful Web services platform which allows project teams to efficiently collaborate and have flexible access to critical project data. These complimentary seminars will take place in January 2010 at the locations below. Each event is scheduled from 8:00am to noon.

January 27, 2010 – Calgary, Alberta

Fairmont Palliser, Leduc Room.
133 9th Avenue SW, Calgary, Alberta

January 28, 2010- Edmonton, Alberta

Fairmont McDonald, Jasper Room
10065 100th Street, Edmonton, Alberta

January 29, 2010 – Vancouver, BC

Pan Pacific Hotel, Coal Harbour Room.
300 – 900 Canada Place, Vancouver, BC

For more information and to register, visit https://secure.mps.com/Canadian_Seminars/default.aspx or contact donna@constructivesolutions.com. Seminar attendees should secure hotel room reservations directly with each hotel.

About Meridian Systems

Meridian Systems, a Trimble Company (NASDAQ: TRMB), is the Plan-Build-Operate technology solutions leader for project-based organizations (PBO²). Building owners, construction and engineering firms, and public agencies use Meridian software to effectively manage capital building programs and facility

assets. Meridian offers construction project management and infrastructure lifecycle management solutions that reduce project costs and schedules across the plan-build-operate project lifecycle. To learn more about how project-based organizations are benefitting from Meridian solutions, download a user study from FMI by visiting: www.meridiansystems.com.
